Caregiver Support

Cariloop helps families manage their loved ones' care needs by connecting them to an employer-sponsored caregiver support platform. Our experienced Care Coaches provide personalized guidance and professional support, while our digital platform provides easy access to robust collaboration tools and critical caregiving resources. Our comprehensive solution helps reduce stress and burnout for caregivers, and helps employers drive increased employee productivity and reduced absenteeism.

Experience, credentialed Care Coaches

Full-time certified and licensed professional Care Coaches guide families through care decisions, provide emotional support and take the burden of researching resources off their plate.

A secure Care Portal to manage the journey

The Care Portal is where collaboration happens between Care Coaches, the caregivers and their families, and serves as a centralized place for members to access valuable resources at any time.

Support for whoever your employees consider family

Any time employees need support with the care of any loved one, we're here for them—no dependent or "household" eligibility requirements necessary.

2X ROI

Cariloop's customers experience a 2x return on their caregiving benefit selection

73 hours

Employees working with a Care Coach save an average of 73 hours on caregiving tasks

100+

Our Care Coaches support employees with caregiving support needs in more than 100 unique categories
